# Your Adventure Starts Here!

## Introductions

# Vision for Kindergarten in the NPSD

*“The North Penn School District will implement a full day kindergarten program in the district for ALL students. Our program will provide a strong foundation in literacy, mathematics, and social and emotional learning. Students will be afforded increased opportunities to engage in all content areas such as art, music, physical education, library, social studies and science. We believe all students can and will learn in a caring, nurturing environment so that they are educated to their fullest potential.”*

# Importance of Kindergarten

- Shift in PA Core Standards
- Learning advantages of a developmentally appropriate kindergarten program
- Need to establish relationships, collaborate with peers, problem solve, and engage in purposeful play
- Need to develop emotional and social skills
- Emphasis on rigorous academics
- All North Penn students should be reading at a proficient level by Grade 3.

# Encourage your child to play!

"Play is often talked about as if it were a relief from serious learning. But for children, play is serious learning."

—Mr. Rogers

Scientists have recently determined that it takes approximately 400 repetitions to create a new synapse in the brain - unless it is done with play, in which case, it takes between 10 - 20 repetitions.
